Oakland, CA 94613 | thompson.alex@northeastern.edu | 352-631-3095

EDUCATION

Northeastern University Oakland, CA

Bachelor of Science, Electrical Engineering; Planning to transfer to Bioengineering, Fall 2027. *May 2030*

Relevant Coursework: Differential Equations and Linear Algebra for Engineering, Cornerstone of Engineering

Mount Lebanon High School Pittsburgh, PA

AP Scholar with Distinction; National Honor Society; PMEA All-State, Region, District, and Honors Band; SAT: 1520. GPA: 4.9 (Weighted). *June 2026*

Relevant Coursework: AP Physics C: Electricity & Magnetism, AP Physics C: Mechanics, AP Physics 1, AP Computer Science A, Linear Algebra Honors, STEM Exploration Honors

EXPERIENCE

Merit-Based SAT Tutor Sep 2025 – Nov 2025

Schoolhouse *Remote*

- Earned selection as an SAT Tutor based on an official score of 1520, placing in the top 1% of test-takers nationwide.
- Guided 10+ students across 3 countries in SAT Math and Reading/Writing instruction, adapting explanations to varied learning styles and academic backgrounds.
- Ranked among the top 20% globally in hosted tutoring sessions.

PROJECTS

Hands-Free External Nasal Hemostasis Device Oct 2026 – Present

Independent Project

- Conducting preliminary research on existing external nasal compression methods and devices used to control epistaxis.
- Identifying limitations of current solutions and defining design requirements for a hands-free alternative.
- Exploring potential mechanisms, materials, and prototyping approaches for future device development.

ACTIVITIES & LEADERSHIP

Northeastern University Oakland Robotics Club Oct 2026 – Present

Project Lead

- Lead a student robotics project team through design, development, and testing; coordinate project planning, task delegation, and team collaboration.

Northeastern University Oakland Engineering Club Oct 2026 – Present

Co-Events Manager

- Co-manage club events, including coordinating logistics, planning activities, and supporting student engagement in engineering.

Mount Lebanon High School Marching Band Aug 2022 – June 2026

Section Leader and Selected Soloist

- Led a 7-member section during rehearsals, performances, and summer band camp; taught drill instruction during an intensive 2-week training camp.

SKILLS

Technical Skills: Laser cutting, 3D printing, Soldering, Python (Beginner), AutoCAD (Currently Learning), Microsoft Office (Certified)

Competencies: Quantitative problem-solving, Instructional design, Public speaking, Team coordination
